she is Mrs. Van de Water and She's Happy, but she Won't Resign—Bouncing Board Ordered to Deal With Her—Bride of a Deathbed Can Keep Her Job

At the meeting of the Board of Education to the elections inspector, for some time refused to answer the question: "Are you married or single?" The teacher is engaged in Public School 58, in Woodhaven, Queens

Principal Cyrus E. Smith of that school was informed by Miss Jennie L. Patterson. one of the teachers, last June that she was contemplating matrimony. He told her that she would have to resign if she went further with it than contemplation. She said she didn't intend to give up her job, and the principal thought from that that she intended to give up the idea of marrying. But when the school opened in Sepmber, Miss Patterson reported for duty, and the principal heard that she was married. When he taxed her with it she evaded

The principal finally told his suspicions Associate Superintendent Stevens, and to Associate Superintendent Stevens, and the latter instructed him to get a direct answer to the question: "Are you married?" The principal made the demand. Then he wrote the teacher's response as follows: "You may inform Mr. Stevens courte-ously that I am married and happy, and that I do not intend to send in my resignation, believing that I can still hold my nostion."

The teacher's name now is Jennie L. Van de Water. The principal said he remon-strated with her because of her obstinacy in not resigning when she broke a by-law of the department in getting married, but she wouldn't heed his remonstrance. He felt greatly annoyed, he said, and wrote to Mr. "Evidently she is receiving advice from

The Board of Superintendents made a charge of getting married against the teacher, and the Board of Education decided yesterday to have the committee on clementary schools hold the trial.

A deathbed marriage of a teacher was also reported to the meeting. Mrs. Eleanor w. Dubreuil, whose maiden name was Ward, a teacher in Public School 56 at 351 West lighteenth street, informed City Superintendent Maxwell of the event. She said that she was married to Mr. Dubreuil on June 23 last when he was dying. She was so affected by the death of her husband then that she did not think of notifying her superior earlier. She hoped that she would be permitted to continue teaching. the permitted to continue teaching.

The committee on buildings reported that new schoolhouses under construction and to be contracted for before next January will give 84,000 additional sittings when

completed.

Four hundred schoolma'ams were appointed. It was said to be the largest number of appointments at one time in several years. They are required to assist in taking charge of part-time classes.

The promotion of seven teachers in Brooklyn was postponed because of the decision of the Court of Appeals in the Jeannetta Baum case Tuesday. The court orders the promotion of teachers who hold licenses issued by the old Brooklyn Board of Education There are about 3,000 teachers affected by this decision. A number of teachers in Manhattan, and all the boroughs except Brooklyn, were promoted.

TEACHER, ARE YOU MARRIED? CITY BUDGET WILL BE BIGGER. Extra Millions to Pay Off Revenue Bond -Tammany Votes Aye.

The Board of Estimate will complete on Saturday the budget for 1904, and the final figures for the coming year will be announced. The Charter requires that this work shall be completed by Nov. 1—that is, before election day. It is known that there will be an increase of several millions in the budget this year-probably \$7,000,000 or \$8,000,000. Last year's budget was vesterday it came out that there is one \$97,119,031. This was a decrease of \$1,500,000 woman teacher who, like Val Carleton for the year, made possible by the lessening of the city's share of the State tax by \$4,000,000.

The big jump this year will not be due to prodigal appropriations to the city departments. It is understood that the demands of all the departments have been shaved to the closest limit, and that the only department which will get anywhere near what it asked for will be the Board of Education. tion, which will get some \$4,000,000 more than it had for this year, mostly to build new schools

than it had for this year, mostly to build new schools.

The normal yearly increase in the expenditures of the city is about \$3,000,000. The rest of the prospective increase will go to pay off outstanding special revenue bonds, which have been issued for street and park openings. The amount of these outstanding bonds is about \$3,700,000, and they represent assessments which have not been paid by the owners of property upon which the assessments were levied. Most of the assessments are for public improvements to which the city was committed before the present administration took office. They will be collected eventually, but the Corporation Counsel advised a provision in the budget for paying the bonds.

The increase in the budget would make a campaign cry for Tammany if it hadn't adopted Grout and Fornes as candidates. Tammany candidates control just half of the votes in the board. Out of the 16 votes omptroller Grout has 3, President Fornes of the Aldermen has 3 and Borough Presidents Haffen and Cassidy have 1 each.

NOTES ON INTENSE AMERICANS.

Especially on Boosevelt, Most Intense of Us-The Abbe Klein to Write 'Em.

Abbé Félix Klein, professor of literature at the University of Paris, who has been touring the United States during the last four months, gathering data for a book which he will call "Au Pays de la Vie Intense," will sail for France this morning on La Lorraine. As the most "intense" person in America, according to the belief of Abbé Klein, is President Roosevelt, the new book has been dedicated to him. The President entertained the Abbé during his visit to Washington last week.

"The President's book, "The Strenuous Life," has been translated into French, and is very popular in France," said the Abbé to a Sun reporter yesterday.

BOY ACQUITTED OF MURDER. Alleged Confession to His Father Ruled

Out on the Piez of Extortion. NORFOLK, Va., Oct. 28.-When Judge Hanckel ruled out an alleged confession made to his father, a verdict of not guilty was given this afternoon in the case of John H. Dey, 13, on trial for his life for the alleged poisoning of his stepmother, Mrs. olin Dey, in August. It was alleged that the boy mixed strychnine, drunk by Mrs. Dey, intending to murder the latter's sis-ter, who not and him punished often. The Court ruled that the alleged con-fession of the father was extorted. The father, while the boy was being congratu-lated after his acquittal, stood to one side without speaking to his son, whose educa-tion, he says, will have to be paid for by others. Maternal relatives of the boy will send him to school in Baltimore.

C. R. VAN TASCHER ACCUSED OF SWINDLING WOMEN.

He's Head of a Realty and Construction Company-Police Say He Ran a Matrimenial Bureau on the Side-Man Who Put Up \$500 Cash for a Job Complains.

Charles R. Van Tascher, who describes himself as a broker and president and general manager of the Van Tascher Realty and Construction Company, at 140 Nassau street, was arrested at his office yesterday and locked up at Police Headquarters on a technical charge of grand larceny.

So far as the police could learn, the Van Tascher Realty and Construction Company consists chiefly of Van Tascher. But in addition to his real estate enterprises he has conducted a sort of matrimonial

agency, they say.

The arrest was made on the complaint of John Klinger of 20 St. Mark's avenue, Brooklyn, who answered Van Tascher's advertisement for a watchman. Klinger got the job at \$15 a week after putting up \$500 cash as security. Klinger's salary was not paid, he said, and when he demanded the return of the \$500 all he got was five shares of stock of the Van Tascher company, face value, \$500. He signed a quit claim, but when he could not sell his stock he complained to the police.

Detectives Clark, Peabody and McConville learned of Van Tascher's matrimonial agency and eventually found two of his victims. One was a Mrs. Gesina, who now lives at 83 Second avenue. She was the widow of a well-to-do San Francisco liquor dealer and met Van Tascher through an advertisement in a German newspaper

advertisement in a German newspaper about a year ago.

Van Tasoher, she says, introduced her to Dr. Paul Peters and told her that Peters was worth 1,000,000 marks and was earning \$200 a week. The widow met Peters in December, 1902, and on Jan. 31 of this year they were married. Mrs. Peters says that she gave her husband and Van Tascher about \$2,000, and that when she refused to furnish more money her husband began to beat her. Two months ago she had Peters arrested for non-support and he was sent to the Island for six months.

Another of Van Tascher's victims is Mrs. George Hoffman of 226 East Eightysixth street. Through Van Tascher's adventisement she was the sent well. sixth street. Through Van Tascher's advertisement she met Hoffman, who said Hoffman was worth 70,000 marks. The woman was induced to give up \$800, all the money she had, to furnish a home. Hoffmoney she had, to furnish a home. Hoff-man was working in Van Tascher's office as clerk at \$15 a week. He could not get his salary and five weeks later he resigned. Then his wife learned that he had no money. Mrs. Hoffman didn't have a cent, either, which fact was a shock to Hoff-man, who says Van Tascher had told him that his wife was wealthy.

KINGSBRIDGE'S LOSS \$70,000. Eleven Frame Buildings Were Destroyed

-Fireman Drops Dead. When they counted up noses in Kingsbridge after the fire yesterday morning nobody was missing, and the only casualty was but indirectly caused by the fire. At 6 o'clock in the morning Fireman John J. Sullivan, 56 years old, of 183d street and Washington avenue, complained of being tired out. He was told to go back to his quarters in Williamsbridge and apply for sick leave. A few minutes later he dropped dead.

Eleven buildings, all frame, and none of them more than two stories high, were destroyed and eleven families burned out. The loss was estimated yesterday at \$70,000. All of the families but three, the police say, had their effects insured.

The real heroes in Kingsbridge yester-day were the members of the Spuyten Duy-vil Fife and Drum Corps, all of whom belong to the Spupten Duyvil Fire Brigade, and from the time they saw the fire from the windows of Tibbetta's Hotel till there was nothing left but wet ashes, nobody worked

There was difficulty in getting water, be-There was difficulty in getting water, because the pressure in the mains is reduced at night, and lines of hose were stretched to Spuyten Duyvil Creek. It was evident from the start that everything across the street from the Thorn & Co.'s coal and feed yard was doomed, and the efforts of the fire fighters were directed toward saving the rows of shingled frame cottages running north on Ackerman street and Church north on Ackerman street and Church

The Steinertone is in universal favor throughout the New England States—where it was first introduced.

There is every reason to believe that such an instrument, combined with the Macy policy of retailing, will create a New York success for it to match its popularity in Boston. The manufacturer's warerooms at 130 Fifth Avenue have been closed, and Macy's is now the only store in Greater New York where the Steinertone may be examined and bought.
